

ABINAYA DEVADARSHINI D

Coimbatore, India | +91 9994095116 | abinayadev04@gmail.co

EDUCATION

PSG INSTITUTE OF TECHNOLOGY AND APPLIED RESEARCH

Bachelor of Engineering in Computer Science and Engineering
Cumulative GPA: 9.01/10 (as of the third semester)

Coimbatore, India

Expected May 2026

S.B.O.A MATRICULATION HIGHER SECONDARY SCHOOL

CLASS 12: 92%; CLASS 10: 91.6%

Coimbatore, India

May 2022

PROJECTS

BUSINESS OCR

06/2024 – 07/2024

- Developed a Business Optical Character Recognition (OCR) using a tech stack that includes **EasyOCR**, **Streamlit**, and **PIL**.
- Extracts and processes textual information from scanned business documents converting them into machine-readable text.
- Implemented pre-processing techniques for image enhancement and noise reduction, leading to increased data entry speed by **75%**.

ONLINE PRINTING MANAGEMENT SYSTEM

04/2024 – 05/2024

- Developed to streamline print requests and manage resources efficiently.
- Features a user-friendly interface built with **HTML and CSS**, functionality implemented with **JavaScript**, and a robust backend for seamless database management using **SQL**.
- Enhanced the system with real-time tracking and automated notifications, ensuring timely updates and improved workflow efficiency.

MINDMAP GENERATOR

10/2023 – 12/2024

- Developed an innovative Mind Map Generator that redefines the process of structuring ideas, concepts, and tasks by providing a dynamic and visually engaging representation in a hierarchical and interconnected format.
- The tool improves brainstorming efficiency by **60%** and enhances idea retention by **45%**, making it easier for users to organize and visualize complex information.
- Built an advanced Mind Map Generator utilizing a tech stack comprising **D3.js**, **React.js**, and **Node.js**.

ACTIVITIES

- Participated in the Smart India Hackathon (SIH)** focused on Development of platform for multi-modal visibility of coal transportation.
- Participated in the Itech Hackfest** focused on the prediction of over hiring and downfall of institution using various parameters like benchmark percentage, historical predictivity.
- Attending an internship at Texmo Industries**, focusing on IoT (Internet of Things) applications and solutions. Gained hands-on experience in developing and integrating IoT systems to enhance automation and efficiency in industrial processes.

SKILLS

- | | | | |
|------------|--------------------------------|-----------------------------|-------|
| • Python | Data Structures and Algorithms | Operating Systems | MySQL |
| • HTML/CSS | Object Oriented Programming | Database Management Systems | AIML |

CODING PROFILES

- | | | | | |
|------------|---------------|--------|----------|--------------|
| • LeetCode | GeeksForGeeks | Github | LinkedIn | Certificates |
|------------|---------------|--------|----------|--------------|
